EXPERIENCE

Mark P. Rubino MD, LLC *Naples, Florida*
Practice Operations and Technology Associate 2024 - Present
Process accounts payable and manage accounts receivable end to end: vendor invoice intake, expense coding, approval routing, payment scheduling, charge capture, claim submission, denial management, and follow-up on outstanding balances.
Reconcile practice bank and expense accounts monthly; prepare P&L statements, expense categorization, and payroll records supporting annual tax preparation by the external CPA.
Maintain multi-state entity compliance for a Wyoming holding LLC and a Florida operating LLC, including registered agent coordination, state filings, and resolution of an IRS e-filing discrepancy (IND-031-04).
Built Python and REST API automation for records processing and payer workflows, replacing manual document triage with an OCR-to-classification-to-routing pipeline.

Whole Foods Market *Naples, Florida*
Chef de Partie, Prepared Foods 2022 - 2024
Controlled station-level cost and inventory in a USDA and FDA regulated commercial kitchen; trained and supervised three to five team members per shift while maintaining HACCP and cold-chain compliance.

INDEPENDENT PROJECTS

Independent Quantitative Researcher, 2024 - Present: built a Python research framework for systematic strategy development with walk-forward validation, HMM regime detection, and spectral graph methods; documented 50+ pages of falsification-first research under version control.
Independent Developer: built a HIPAA-compliant document automation pipeline integrating the AthenaOne REST API and CoverMyMeds webhooks, and browser-based simulation tools in vanilla JavaScript. Portfolio: rubinonico.github.io/portfolio
